Manager Blackburn wishes to announce to users of the telephone that it is useless to call central, the city lights are off to ascertain the cause, as central is placed in the same position as the other telephones and is unable to operate in the darkness.

A up-to-date bowling alley and pool room is to be opened in a few days in the building on Lorne street, next Parrell's blacksmith shop, which has just been remodelled for the purpose. The proprietors are Messrs. Smith and Peare, the former being from Brandon and the latter from Regina.

We desire to give timely warning to the youths who did so much damage to the curling rink building last summer, in the way of breaking windows, breaking curling stones and dealing handles, etc. The first person found doing damage of any kind to this property will be made an example of. A warning should be sufficient.

The bar of the Alberta hotel was closed on Thursday of last week by the liquor license department as a result of the conviction a few days previously on the charge of selling liquor to an Indian. Mr. Weiler is taking action to have the conviction quashed, and he hopes that in the near future he will be permitted to again open his bar to the public.

A wrestling and boxing tournament will be held in Angus Opera House on Friday evening, March 31st, consisting of wrestling and boxing by the best talent. The principal event of the programme will be a wrestling match between C. E. Jinks, of Saskatoon, champion of Saskatchewan and A. H. Brody, of Wetaskiwin, champion of Alberta, for a purse of \$100. See posters.

Mr. Allen, who has been bookkeeper at Fowler & Co's department store for some time is leaving the end of the week to enter the real estate business with the firm of Bedford-Guest & Co., at Red Deer. Mr. Allen was greatly missed by his friends, especially in musical circles. We join in wishing him all success. Mr. R. A. Elliott, of Winnipeg will be his successor.

A large number of new arrivals and prospective settlers have been in the city the past few days, and it is doubtful if the near future considerable property will be changing hands. Among those who brought in cars of many of those who brought in cars of settlers effects during the week were Messrs. J. E. Noe, A. D. Campbell, E. P. Smith, A. J. Curry and S. Belier, all from Nebraska.

The FORD MODEL T doesn't require a water tank full of gasoline and a child-like trust in the Omnipotent to negotiate an ordinary day's journey over hills and rough roads. It takes the hills like a bird on the wing—on high speed

The Ford Model T is not a cumbersome combination of wood, iron and steel. Its every line is one of beauty. No superfluous weight there—just a go-ahead-and-get-there-car—the pal of its owner under conditions that force the "house on wheels" owner to a sad home-coming at the tail end of Farmer Cornstassel's wagon.

IF WEIGHT IS AN ADVANTAGE WHY DO NOT MAKERS OF HEAVY CARS ADVERTISE THIS FACT

The Model T is the best car you can buy at any price if you want one that will take you beyond the gates of the city—with return privileges.

CAMROSE

(From The Canadian)

J. McMillan, who left here on a visit to his old home in Moravia, N. Y., on December 14th, returned to Camrose on Thursday last.

The Kingston hotel has been sold to Messrs. Fisher Bros., one of whom is at present located in Edmonton, the other in the West.

Miss Alice Howe, a pupil in standard three of the Camrose public school, has taken a high place in a story competition arranged by the Morning Alberta for its anniversary number. The first of a dozen or so automobiles will be received in Camrose this summer is expected to arrive any day. The streets of the town are in fine condition now for motoring.

Natural gas for the town of Camrose! Such is a possibility, as information has been received from authentic sources that a syndicate of local investors is to be formed to commence drilling operations.

Mayor Taylor, who developed an attack of quinsy, while in Edmonton, early in the week, returned home on Wednesday from the hospital there.

F. Adam left for Winnipeg, on Monday morning. The object of his visit is to consult the G.T.P. officials there, regarding the purchasing of new right-of-ways.

BAYLIF

(From The Sun)

At the special meeting of the Board of Trade, held on Tuesday it was unanimously decided to issue a Dominion Day celebration here on July 1st. Jas. Thirsk and wife attended a medical sale near Wetaskiwin last week of pure bred stock, and Mr. Thirsk purchased two pure bred short horn heifers which he shipped out to his farm south of town.

D. A. Dittmann left Tuesday for St. Paul and from there he goes to Crystal Lake, Iowa. Mr. Dittmann expects to visit some different states with the object of bringing in new settlers to the favored part of Alberta around Bayliff.

Bayliff can now boast of one of the neatest brick buildings between Wetaskiwin and Saskatoon, the Thirsk block, and as soon as the frost is out of the ground, 50 feet of cement sidewalk will be laid in front of this property. This will be the first cement walk in town and it should be a great example to others on the main street to fall in line with this progressive step.

ALISON SUSPECTS SENT UP FOR TRIAL

Laconche, March 27.—Samuel C. Wilson and Georgian Garvin, his mother-in-law, were given their preliminary hearing today on the charge of "out time" fire, to the Laconche Producers' building, on the morning of March 23rd. A large number of witnesses were examined and some very damning evidence was brought out. Miss Hunter, an agent of the C.P.R., said that she had seen the fire about 11 o'clock.

The party had gone to the store with the intention of fixing up the fire for the night and found the front door locked and pried up on the inside.

On examining the interior of the building they found Mrs. Garvin, who informed them that she was looking for a paper that Wilson had sent her from Calgary to get. On making a further examination of the premises a bundle of kindling was discovered upstairs among empty egg boxes, and what might have been coal oil was observed on the floor.

It was also brought out that the Garvin woman had registered at the Adelphi under the name of Georgina Lucas, her maiden name and had remained at the hotel from the 1st of March until the morning of the fire, March 23rd. At 11 o'clock that day she brought a ticket to Eldorado but went through to Calgary.

Her movements while at the hotel showed that on the night of the fire she came to her room at about 12.15. It was also brought out that the insurance on the building and premises of the company had on the Saturday before been increased by the addition of extra insurance to the amount of \$5,000.

The suspects were sent up for trial at the next court of competent jurisdiction. Inspector Worsley heard the case with P. J. Nolan, K.C., for the prosecution and Tweedie, of Calgary, for the defense.

Announcements of the anticipated expenditures by railway companies in Western Canada for this year are themselves sufficient to encourage optimism. The total for the three big concerns will not be less than \$40,000,000, and it may be much more. Improvements to existing lines, and the construction of new lines will absorb this huge sum. It is easy to believe that the effect, present and ultimate, of such vast expenditures, will mean a large increase to the volume of general business.

IMMIGRANTS ARE NOW ENTERING THE DOMINION FROM EUROPE AT THE RATE OF 15,000 PER WEEK, AND THEY ARE ABORIGINES

Immigrants are now entering the Dominion from Europe at the rate of 15,000 per week, and they are aborigines in the sense that they are not of the same race as the people of this country. The flow of population is on for the season, and it is likely to continue for the next six months. Canada seems to have established a reputation in Great Britain as the place where millions can find comfortable homes, and it is, therefore, not surprising that the immigration on the steamers, for this country is already booked two months in advance.

Mr. Crandell, of the C.P.R. colonization department, went through Wetaskiwin Friday morning in charge of a train load of settlers, bound for the C.P.R. ready-made farms at Sedgewick. In the party were sixty-three people, including men, women, and children, and they formed the first consignment of 250 settlers, who will find their homes on the Sedgewick farms in the next two weeks. All were English and Scotch farmers, who are ready to go to work at once. They were delighted with the beautiful climate and gave every indication of making good Alberta citizens.

FOR CONSTIPATION

A Medicine That Does Not Cost Anything Unless It Cures

The active medicinal ingredients of Bexall's Orderlies, which is colorless, tasteless and odorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, instant invigorator and strengthener. Bexall's Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh purgative, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c and 50c. Sold only at our store—The Bexall Store, R. L. Higgs.

SPECTACULAR RISE IN BEEF'S PRICE CHARTAIN

Right on top of the information that beef is going to take another phenomenal rise in the near future, despite the fact that it is already higher than it has been for years, comes a story from British Columbia which apparently makes it a certainty that the current beef will soon be beyond the reach of the workman's altogether. The story from British Columbia is to the effect that the coast province will be late with its grass cattle and this means that the buyers will still have to look for winter fed cattle in the prairie provinces and as they are already held at high prices the competition for them will make them so still higher.

"Cattle are now selling at \$7 and 7.10 live weight," said a cattle buyer this morning. "This is an awful price, but even at that cattle are hard to get, and now that the rains have come the grass cattle from British Columbia will be late in reaching the market has come through, it means that the cattle will be still harder to get here and that the price will go much higher even than it is at present."

"This has been a very busy week for the automobile industry in the retail district of Toronto," Mr. J. F. Poz, manager of the Ford Sales Co., here reports the sale of eleven cars this week. "Not a car now remains on the floor," he stated. "The News man," and three cars are now being unloaded at the Union station from Waterbury, Mr. Fox expects to dispose of an average of three cars a week from now on."—Toronto News

DISTRICT COURT SITTINGS

District court was held in the court house here last night, with J. H. Hosford as Judge Less presiding. The docket which was a small one, was as follows:

Hedlin vs. Hansen.—Adjudged to next court.

Hosford vs. Gibson.—The action was for \$50.00 damages sustained by Hosford against Gibson, for the value of two-thirds of the straw raised for crop 1930, on half section of land owned by Gibson. The court found for Gibson and awarded him \$50.00. The court also found that there was no arrangement that Hosford was to get any share of the straw.

After hearing the evidence, the judge decided in favor of Gibson and gave him the costs of the action against Hosford. The counsel were Mr. A. L. Marks, of Leduc, for Hosford, and Mr. Alexander Knox, of Wetaskiwin, for Gibson.

Alberta Publishing Co. vs. Switzer.—This was an action for the collection of a certain advertising account which the defendant claimed had not been completed according to contract. Judgment was given for the plaintiff, Loggie & Masley for plaintiff, A. L. McDonald, of Lacombe, for defendant.

Whaley vs. Schneider and Whaley vs. Hills.—This was an action for the recovery of the amount of notes given for life insurance premiums. Judgment was reserved in both cases. Loggie & Masley for plaintiff, Dawson, Hyndman & Hyndman for defendants.

WINNIPEG THROUGH SERVICE TO BE OPENED JUNE FOURTH

It is officially announced in C.P.R. circles that the great line of the through passenger train service on the Winnipeg line from Strathcona to the new line will be inaugurated on June 4th next.

If this announcement proves correct and there is a very good reason to believe that it will, the entrance of the first daily through train service on or near that date will mark an epoch in the railway history of this city, and in fact the entire northern district. By using the only short line of the C.P.R. between that part of the province and Winnipeg, it is to be expected that much of the transportation which now comes through Calgary on the great system will be diverted to this new route. Wetaskiwin will then have no less than ten passenger trains arriving and departing daily.

As a competing line for the G.T.P. and the C.N.R. lines the C.P.R. will probably inaugurate a service on the 35 hour schedule between Strathcona and the City.

It is also said that the recent tri-weekly midnight service between this city and Calgary will be operated on a daily schedule on June 4th, this date apparently being the one on which will come into effect the new western time-table of the company.

LAND IN GOOD CONDITION

A prominent and influential farmer of this district, in conversation with The Times a few days ago, stated that in his nine years residence in Alberta he never saw the land in as fine condition for farming as it is at this writing.

He intimates that there will be from 25 to 30 per cent more land under cultivation in this district this year than last.

Planting and harvesting operations in the district will be general in a few days.

A transatlantic steamer which has created considerable excitement in Ponoka was due to arrive here on the 19th and 20th of March. It was expected to bring a cargo of wheat and flour of \$25 and \$15 respectively, with costs, impost.

Enterprise in the Wetaskiwin area are busy these days clearing up their back yards, etc., in preparation for spring. Some are actively digging gardens. The frost is out of the ground to a depth of about ten inches.

FIRST BAPTIST CHURCH

The pastor will preach next Sunday morning and evening. The evening service of sermons on "The Parables of Jesus" will be continued with a sermon on "The Parable of the Lost Coin." There will be special music by the choir at both services.

Mrs. H. C. R. Walker will receive the first Thursday in April and not again.

The death occurred at Selkirk, on Monday morning of John Barn, aged 32 years, one of the first settlers in the district and a prominent citizen of the town. Mr. Barn was widely known as the father of Selkirk and his removal is keenly felt by the community. He is survived by children who are living in England.

At Daysland on Wednesday, March 22nd, at the residence of the bride's mother, Miss Lee Matthews was married to Mr. W. B. MacGregor, the ceremony being performed by the Rev. Mr. Jones. The bride is a daughter of the late Edmund C. Matthews, of Edmonton, P.M.I., and a sister of Mrs. R. W. R. Armstrong, of Edmonton and of E. B. Matthews of Selkirk. The young couple are spending a few weeks visiting Kamloops and the coast cities of British Columbia, and on their return will reside at Daysland, where Mr. MacGregor is manager of the Daysland creamery.

The Y.M.C.A. concert committee have made arrangements with the Toronto Ladies Quartette, to appear here on April 8th, in Angus Hall. This concert organization has been substituted instead of Robert McNeil's concert company. Plans of the hall will be open Friday, April 7th, at Williamson's jewelry store.

METHODIST CHURCH

The services in the Methodist church next Sunday, both morning and evening will be conducted by Rev. A. D. Richards, of Courtenay. In the morning his address will be especially appropriate to the children.

Last Sunday the services were most acceptably conducted by Rev. J. N. Wilkinson, of Daysland.

B. W. H. Carline was at Edmonton this week combining business and pleasure. He returned Wednesday evening.

Was Terribly Afflicted With Lame Back.

Could Not Sweep The Floor.

It is hard to do house work with a weak and aching back. Backache comes from sick kidneys, and when a lot of trouble is caused by kidneys. But they can't help it. If more work could be done than they are doing it is not to be wondered that they get out of order.

Don's Kidney Pills are a specific for lame, weak or aching backs and for all kidney troubles. Mrs. Napoleon Lamour Smith's Falls, Ont., writes: "I take pleasure in writing you a line to let you know how I have recovered by using Don's Kidney Pills. About a year ago I was terribly afflicted with lame back, and was so bad I could not even sweep my own floor. I was advised to buy Don's Kidney Pills and I took them via the greatest benefit. I only used three boxes and I am as well as ever. I highly recommend these pills to any sufferer from lame back and kidney trouble."

Don's Kidney Pills are 50 cents per box or 3 for \$1.25, at all dealers or mailed direct as receipt of price. The T. M. M. Co., Limited, Toronto, Ont. When ordering direct specify "Don's."

THE CURSE OF THE NATION IS CONSTIPATION

"Fruit-a-lives" Alone
Cures This Disease

A famous scientist states that Constipation, or non-action of the bowels, causes more deaths than all other diseases combined. Constipation influences the Kidneys, ruins digestion, is the foundation of Rheumatism, poison the blood, causes Headaches, Neuritis, Nervousness and Insomnia.

Constipation is caused by a weak or sluggish liver. Bile, the only purgative of the body, is secreted by the liver, which in turn should pour out into the intestines sufficient bile to move the bowels. Unless the liver is active, there cannot be enough bile to move the bowels regularly, and Constipation is the result.

"Fruit-a-lives", the famous fruit medicine, will always cure Constipation because it acts directly on the liver—relieves the congestion—increases the quantity of bile—and strengthens the liver muscles.

Box a box, 6 for \$2.50, or trial size, 25c. At all dealers, or from Fruit-a-lives Limited, Ottawa.

JUSTICE TO OUR MERCHANTS

Catalogues from several Canadian wholesale and mail order houses have arrived in the town and have eventually landed in almost every home and household. They contain a host of prices that look like bargains, which seem money earned from the first, casual glance. These figures are cash prices and are quotations on goods, on which the freight is to be paid by the purchaser and which are not seen until they arrive in town, covering a probability of dissatisfaction.

These catalogues are certain of being viewed favorably by many and for that reason a note of warning and call for justice should be sounded. Would it not be a wise move towards justice if the intending purchaser should go to the local merchant and get his CASH figure on the same articles? It would be well to get his cash and credit figure, for it is a well known business axiom that it costs the merchant twelve PER CENT. TO DO A CREDIT BUSINESS. WHY CANNOT THE PURCHASER PAY BY THIS AMOUNT? If the purchaser has the money to send to these mail order houses, why should it not be left with the home dealer, if the prices were approximately the same? If such is done, home money is kept in the home town, the merchant will be encouraged and he will be getting a square deal from a respectable public. At least, before an order is placed with such houses of business and before the cash is sent, figures should be obtained from the home merchant. It will be a step towards giving the home merchant a square deal.

A few days ago, a party in the town, being unable to procure what was wanted at the merchant, had brought in the articles, "from" for quotations and the estimate given on the same articles were received from a local dealer, who could procure the goods in a short time. There was a difference of over 16 in the two estimates but it was not in favor of the wholesale house, rather the local merchant could procure the goods at a cash figure, under the mail order house and still have a working profit. Perhaps this is not always the case, but surely the people of the town and district are fair enough and consider their own interest to such an extent as to at least give the home dealer an opportunity to figure on the order.—E.S.

HAVE RED DEER LADIES' COLLEGE READY BY FALL

Vernilion, March 26.—Rev. Mr. Keith, the newly appointed principal of the Ladies' Presbyterian college at Red Deer, occupied the pulpit of the Knox Presbyterian church today. He is here in the interests of the institution of which he is the head. He states that the synod has decided upon a \$50,000 building, of which amount \$2,800 is already subscribed. It is proposed to begin the erection shortly so as to have it ready for class work early in the fall. Provisions will be made for the accommodation of seventy residential students. The work of the college will include the public and high school courses, supplemented by courses in music, vocal and instrumental, shorthand and typewriting. The expenses will be as low as it will commensurate with the facilities and instruction provided.

When grain is in ordinary condition to keep when built together, it contains about 15 per cent moisture. In five or six weeks it would decrease to probably 12 per cent, making a shrinkage of 3 per cent.

The appeal will be made particularly to rich members of the churches.

A lady once sent to her on a pair of trousers by book post, which is of course cheaper than parcel post. The postal officials wrote to her: "Clothes cannot be sent by book post. If you refer to the Post Office Guide you will see under what conditions parcels may be sent by book post." After a few days the lady replied: "I have looked in the Post Office Guide and find that articles which are sent at both ends may be sent by book post. If trousers are not open at both ends I should like to know what is."

Vernilion, Alta., March 25.—Alice, the three-year-old daughter of Andrew Clark, who lives 12 miles north of Malinville, was burned to death yesterday afternoon, while her father was burning a firewood around the house. The little girl and her eldest sister were playing about, Mr. Clark, after he got the fire started, went off, and some time later the eldest girl came running into the house and told her mother that Alice was burning. The mother went out and found the little girl all charred and suffering excruciating pain. She lived three hours after being found.

158 KILLED IN FIRE HORROR

New York, March 26.—One hundred and fifty-eight persons, nine-tenths of them girls from the east side, were crushed to death on the pavements, smothered to smother and strangled to a crisp in a factory fire yesterday afternoon, in the worst disaster New York has known since the steamship General Slocum was burned to the water's edge, off North Brother's Island in 1904.

One hundred and forty-one bodies had been removed from the ruins at midnight and seven of the 48 injured had died in hospitals. This, it is believed, completes the list of dead, most of whom are unidentified. Grief-stricken relatives besieged the morgues as the bodies were laid out.

Nearly all, if not all, of the victims, were employed by the Triangle Waist company, on the eighth, ninth and tenth floors of a ten-story building, at 23 Washington street, on the western fringe of the downtown wholesale clothing district.

The partners of the firm, Isaac Harris and Max Blanck, escaped unscathed from the office on the tenth floor, carrying with them over an adjoining roof Blanck's two young daughters and a governess. There was not an outside escape on the building.

How the fire started will perhaps never be known. A corner on the eighth floor was its point of origin and the three upper floors only were swept.

On the ninth floor 100 bodies were found, 43 or more persons were crushed to death by jumping and more than 300 were killed by the elevator shaft. The loss to property will not exceed \$100,000.

EXCURSIONS TO WEST COMMENCE IN APRIL

Commencing April 4 excursions will arrive in the Edmonton district from Great Falls, Montana; Oshkosh, Toronto and Montreal and thereafter at different intervals trains carrying special parties of immigrants will come in here during the summer. While the authorities have no way of estimating the number of settlers and others who are to become permanent residents to the province, the actual number will be in excess of last year and throughout the province will run close to 50,000 people.

Of this number there will be a few colonies of Germans. Several hundred of them have already settled around Red Deer and others on the way will make their future homes in the Vermilion. The immigration

HAD HEART TROUBLE

NERVES WERE ALL UNSTRUNG. Whenever there is any weakness of the heart or nerves, flagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a healthy, strong system. Miss Berse Kinsley, Arkona, Ont., writes: "I was with the greatest of pleasure I write you stating the benefit I have received by using your Milburn's Heart and Nerve Pills. This spring I was all run down and could hardly do any work. I went to a doctor and he told me I had heart trouble and that my nerves were all unstrung. I took his medicine, as he ordered me to do, but it did me no good. I was working in a printing office at the time, and my doctor said it was the type setting caused the trouble, but I thought not. My father advised me to buy a box of your pills as he had derived so much benefit from them. Before I had finished one box I noticed a great difference, and could work from morning to night without any smothering feeling or lack of blood. I can recommend them highly to all nervous and run down people. Price 50 cents per box, or 3 for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont."

DEBATE IN PRESBYTERIAN CHURCH

Resolved that the proposed Re-
proach Agreement between Canada
and the United States would be to
the advantage of Canada. This was
the subject of debate at the Presby-
terian church on Tuesday evening,
held under the auspices of the Young
People's Society. The church was well
filled with an audience that evinced
deep interest in the discussion.
The affirmative was ably upheld by
Rev. Mr. Holman and Mr. McNally
and the negative by Rev. Mr. McEl-
roy and Mr. Knox.
The affirmative argued strongly in
favor of the commercial advantages
by the increased markets. That they
claim Canada will gain from the pro-
posed treaty and they do not fear
separation of Canada from the Brit-
ish Empire as a result of the treaty.
The negative contended that Can-
ada was doing well under present ar-
rangements, that our development, as
long proper lines would be hindered
by the proposed treaty, that at the pre-
sent time the United States would
get the better of Canada in any trade
arrangement.
At the conclusion of the debate the
judges, Rev. Dr. Coord and Messrs.
Cutler and O'Neil retired for consulta-
tion and after comparing notes were
unanimous in their decision. Dr. Coord
announced the decision in favor of the
negative.

AUTOMOBILE OWNERS' FINE
As a sequel to the automobile ac-
cident on Sunday, in which a lad of
twelve was run over and narrowly
escaped serious injury, the following
owners appeared before Magistrate
Roberts, on Monday, on a charge
of exceeding the speed limit and very
highly fined five dollars and costs. P.
A. Miquelon, Claude Desrois, Walter
Bainbridge, F. L. Talbot and W. K.
Clark. All pleaded guilty. Chief of
Police Shantz testified that some of
the defendants travelled at a rate of
40 or 50 miles an hour. In passing
sentence, His Worship warned the of-
fenders that the next time of the
kind to come before him would re-
ceive the maximum penalty of \$25.00
and perhaps imprisonment. He fur-

ther stated that it was simply out-
rageous the way some of these auto-
mobiles tear along our streets and high-
ways, regardless of the lives and
limbs of other people, and that he
is determined that the right of pe-
destrians to the streets shall be pro-
tected.

MIRACULOUS ESCAPE FROM SERIOUS ACCIDENT

To be dragged for fifty feet under-
neath an automobile and escape with a
few minor injuries such as cuts,
and scratches, is nothing short of a
miracle. Such was the experience of
Eli Ragan, the twelve year old son
of Wm. Ragan, of this city on Sun-
day afternoon last.
The lad was standing just off the
sidewalk at the briar hotel corner,
leaning against his bicycle, when an
automobile crossed the Pearce street
railway crossing. The driver had
apparently determined to turn north
on Railway street, but after taking
the turn changed his mind and came
back onto Pearce street, cutting across
the corner upon which young Ragan
was standing. Without a moment's
notice the lad was caught by the ma-
chine which some say was running at
the rate of thirty miles an hour. He
was knocked down and carried under-
neath the auto, and dragged at least
fifty feet before the machine could be
brought to a standstill.
When the boy was taken from un-
derneath the car he was bleeding pre-
cisely from cuts about the head and
face. He was quickly removed to Dr.
Stevenson's office, where it was found
that his injuries were not serious.
